

2022 Yakima Basin Aquatic Science and Management Virtual Conference
Links to recent pdf or recorded presentations of relevance to this audience
June 8, 2022

1. [Lower Yakima River Water Quality & Habitat, Fall 2021 Meeting](#)
BCD thanks presenters, partner organizations, and meeting participants for contributing to the best available science, and shoreline landowners for committing to wise stewardship. Funding provided by Washington Department of Ecology.
2. [Risk management of non-target fish taxa as related to salmon supplementation.](#) Gabriel M. Temple, Timothy D. Webster, Scott A. Coil, and Cade Lillquist.
3. [A 25-year Summary of Spring Chinook Salmon Supplementation in the Yakima River Basin.](#)
Presented by Bill Bosch.
4. Stay tuned... more to come!
