

Chewuch River Mile 4 Project Site Tour  
(November 5, 2020)

Tour Questions and Answers

1. Which of the two prevailing wages need to be used, state or federal?

*All bids received should reflect the current requirement of Davis Bacon Rules.*

2. Can the access route for the piezometer installation be utilized during the construction timeline with a small **tracked** equipment to refuel the pumps?

*Yes, but the equipment utilized must be tracked and small, similar to bobcat in size. The access route is reflected on the updated plan sheet page 6.*

3. Can the staging area be increased in size?

*Yes, please see the update plan sheet page 6 that reflects that change.*

4. Can the additional trees identified in the access route be removed?

*Yes.*

5. Is Item # 6 on the Bid Proposal Form supposed to be based on a Lump Sum or Cubic Yard unit price?

*The Item should be bid based on a Cubic Yard unit price. The bid sheet has been updated in the bid packet. Please ensure you use the correct Bid Sheet to produce your competitive bid proposal.*
