Yakama Nation Fisheries is seeking proposals from qualified engineering firms to award a design and engineering services contract in support of salmon habitat restoration activities taking place in Nason Creek in Chelan County, Washington. Based upon the proposals received under this solicitation the Confederated Tribes and Bands of the Yakama Nation will award a design services contract to the best quality bidder for the Scope of Work described within this RFP. Services rendered under this contract will be performed through 2025 to meet permitting and grant funding deadlines, and additional services may be added to the Scope of Work if the project moves forward to construction in 2026.

Project Background

Yakama Nation Fisheries (YNF) has partnered with the Washington State Department of Transportation (WSDOT) to address on-going aquatic habitat and roadway infrastructure degradation along State Route 207 from mileposts 0.00 and 1.00 paralleling Nason Creek between river miles 3.2 and 4.6, in Chelan County, Washington. In this area State Route 207 aggressively constricts the historic floodway of Nason Creek, and seasonal flooding routinely damages the highway and causes impairment to salmon habitat. To address these issues, YNF and WSDOT have developed a highway realignment plan for the most impacted segment of SR 207, and the parties have been securing federal and state funding to progress the engineering, permitting, and construction services work needed to improve salmon habitat and roadway conditions in this section of Nason Creek. In the spring of 2024, YNF delivered 30% draft engineering designs to WSDOT for review that will form the basis of design for additional engineering services required to move the project towards completion. Per WSDOT's roadway development standards, a Design Documentation Package (DDP) has been established and delivered to WSDOT for review. As part of the DDP, a draft Basis of Design Document (BOD) has received preliminary approval from WSDOT North Central Region (NCR) and is currently under review at WSDOT Headquarters in Olympia.

Select documents and plans associated with the DDP can be downloaded and reviewed from the Yakama Nation Fisheries website at:

<https://yakamafish-nsn.gov/restore/projects/engineering-and-design-rfp-realignment-state-route-207>

At this time, YNF is seeking to advance the SR 207 realignment design to 60%, 90%, and final Ad-Ready PS&E documents including plans, specifications, and engineer’s opinion of cost. This will include creation of two separate PS&E sets (initial construction phase and final construction phase), as well as all WSDOT Design Documentation required for approval. YNF is looking to have the work associated with this RFP completed by the schedule noted in the Scope of Work so that key project funding and environmental permitting timelines will be met. If the project is able to proceed to construction, the selected contractor may be retained to provide additional construction management services based on the expertise and unique knowledge of the project as allowed by 2 C.F.R. § 200.320.

Project Location Map

Proposed Scope of Work

Phase 1: Draft Construction Plan

Task 1 - Design level survey (if additional survey is needed)

The project has a completed draft geotechnical report by HWA Geosciences Inc. Additional geotechnical survey and reporting is needed to meet the requirements of the WSDOT geotechnical manual. Site access and permitting has been secured and a map of additional bore testing is provided. The selected contractor shall provide all services needed to meet WSDOT geotechnical requirements, including final evaluation of side slopes and soil preloading.

As agreed to between the Yakama Nation project manager and the contractor, supplementary site survey may be completed to gather additional field data on existing conditions so that final engineering designs can be produced. Supplementary surveys may include further topographic/bathymetric surveys, groundwater testing, and/or geologic surveys, among other things.

Task 2 – Development of Permit Level Construction Plan

The contractor will proceed with producing 60% engineered designs of the preferred roadway alignment as directed by YNF staff. The contractor shall coordinate with WSDOT North Central Region (NCR) regarding design documentation and roadway design reviews. The status of items already prepared for the Design Documentation Package (DDP) is as follows:

- The Basis of Design Document (BOD) has been preliminarily approved in Region and is presently at WSDOT Headquarters for review
- Draft Design Approval documents have been prepared and reviewed in Region once. Additional rounds of review with WSDOT NCR are anticipated

Design deliverables under this task shall include, but are not limited to the following:

- Full completion and approval of the 30% designs based on WSDOT Headquarters comments
- A Design Decision regarding superelevation, to be included in the DDP
- Channelization plans based on the 30% design, to be included in the DDP
- Stormwater treatment: the contractor shall utilize the preliminary stormwater concept to prepare a WSDOT Hydraulics Report Type A for the project.
- Right of Way: the contractor shall utilize the 30% alignment plans to create WSDOT ROW Plans to be approved within North Central Region and by WSDOT Headquarters. WSDOT North Central Region staff will provide right of way negotiation and closing services separate from this contract.

Deliverables shall provide suitable detail to allow for environmental permits to be acquired for the project by Yakama Nation Fisheries staff (this includes accurate depiction of areas being impacted and estimates of material quantities). The contractor should be prepared to support Yakama Nation by providing displays, technical drawings, and other information as requested.

The 60% PS&E plan set shall be suitable for the initial construction phase of the project, including clearing and grubbing, logging, temporary stormwater conveyance and/or treatment, and roadway preloading.

Task 3 - Stakeholder Meetings and Communications

The contractor should plan to meet with YNF and WSDOT at least monthly to discuss design progress. YNF and WSDOT will review each stage of design to confirm it meets with applicable Design Manual standards. The contractor shall provide bid support for the initial construction phase of the project. If requested, the contractor will assist in presenting the 60% Drawing Set to landowners and agency stakeholders for additional feedback and buy-in.

Phase 2: Final Construction Plan

Task 4 - Development of Final Construction Plan

Based on further direction from YNF staff, the contractor will produce 90% and final Ad-Ready PS&E documents for the project.

The final Ad-Ready PS&E plan set shall be suitable for the final construction phase, including roadway construction, permanent stormwater conveyance and treatment, roadway restoration, and removal of existing SR 207 roadway.

Task 5 - Final Basis of Design Document

Contractor will finalize the Basis of Design Document through coordinated outreach with WSDOT and YNF. The BOD Document will summarize project goals, field data collection, and technical design of the project including site survey, hydrology, grading, and quantities/totals.

Task 6 - Stakeholder Meetings and Communications

The contractor should plan to meet with YNF and WSDOT at least monthly to discuss design progress. YNF and WSDOT will review each stage of design to confirm it meets with applicable Design Manual standards. The contractor shall provide bid support for the final construction phase of the project. If requested, the contractor will assist in presenting the Final Construction Drawing Set to landowners and agency stakeholders. Contractor should anticipate up to 4 public meetings.

Schedule

The following schedule shall be adhered to so that key project funding and environmental permitting timelines can be met:

<i>Phase 1</i>		
Task	Specific Element	Completion Date
Task 1	Geotechnical survey and report	October 31, 2024
Task 2	60% PS&E plan set suitable for initial construction phase	January 1, 2025
Task 3	Stakeholder meetings	Ongoing
<i>Phase 2</i>		
Task	Specific Element	Completion Date
Task 4	90% plan set	May 1, 2025
	Final PS&E plan set suitable for final construction phase	August 1, 2025
Task 5	Design report	August 1, 2025
Task 6	Stakeholder meetings	Ongoing

Bid Directions

Each company seeking to be eligible for a contract award under this Request for Proposals must submit one hardcopy of their proposal in writing to:

Yakama Nation Fisheries

Attn: Annet Dillman

RE: Engineering and Design RFP-Realignment of State Route 207

PO BOX 151

Toppenish, WA 98948

(Shipping address: 401 Fort Road, Toppenish, WA 98948)

Proposals must be received in Toppenish by Close of Business, **August 15, 2024**. It is recommended that all shipping and/or delivery confirmation receipts are retained past the proposal due date to ensure proof of submission.

In addition to the required physical bid submittals, we are also requesting contractors to provide digital copies of their completed bid documents through email submittal directly to the project manager at **butlerc@yakamafish-nsn.gov**, and the lead bookkeeper at **dila@yakamafish-nsn.gov**. We are encouraging digital copies to be emailed at the same time the physical bid package is mailed to the proper address in Toppenish, WA. This will allow Yakama Nation Fisheries staff to know whether to expect that a hardcopy bid has been submitted, and will allow Yakama Nation Fisheries staff an opportunity to more quickly score and rank bids for the contract award process.

Please note that timely hardcopy bid submittals are a requirement for a bid to be considered competitive. The additional digital email submittal is requested, but is not a performance requirement. Any digital submittal received with no associative hardcopy submittal by **August 15, 2024** will be discarded as invalid.

Each proposal must include a roster of key personnel proposed to work under this contract, including resumes. The key personnel roster should include Civil Engineer(s) with at least 15 years of experience in transportation planning and design, Civil Engineer(s) with WSDOT Highway Runoff Manual Certification, and Certified Floodplain Manager(s). Provision of a separate roster of other non-key project personnel is also recommended. Please note that proposals dependent upon subcontracting will not be preferred.

Provision of a detailed cost proposal based upon the Scope of Work items and certified by signature as being valid for at least 180 days is required. A company fee schedule detailing all personnel billing rates is also required. Please also provide a schedule/timeline proposal for completing the described tasks.

Please review the attached Consultant Services Agreement template for typical Yakama Nation contracting terms and conditions including reporting/invoicing requirements.

Bid Scoring Categories and Weighting

The following categories will be used to evaluate the competitiveness of bids received.

- Demonstrated experience with this type of work –15%

- Demonstrated quality of work – 15%
- Cost – 15%
- Schedule – 10%
- Company integrity/references – 10%
- Demonstrated experience with permitting agencies in the Upper Columbia Region –10%
- Adequacy/quality of staff and equipment proposed –15%
- Completeness of Proposal (Based on RFP Submission Requirements) –10%

Limitations

The Yakama Nation reserves the right to accept or reject any and all of the proposals received as a result of this request, or to cancel in part or entirely this request if it is in the best interest of the Yakama Nation to do so. This request does not commit the Yakama Nation to pay any costs incurred in the preparation of a proposal.

The contractor shall furnish all supervision, labor, equipment and tools necessary to complete the work as outlined in the Scope of Work.

Project related questions should be directed to:

Chris Butler,
Senior Fisheries Habitat Specialist,
Phone: (509) 449-8215
E-mail: butlerc@yakamafish-nsn.gov

CONSULTANT SERVICES AGREEMENT

This consultant services agreement is between the CONFEDERATED TRIBES AND BANDS OF THE YAKAMA NATION, a sovereign native nation with its governmental headquarters located at P.O. Box 151 / 401 Fort Road, Toppenish, WA 98948 on the Yakama Reservation (“**Yakama Nation**”), and CONSULTANT’S NAME], EIN Number [REDACTED], with its primary place of business located at [address] (“**Consultant**”).

The Yakama Nation wants to obtain technical assistance to accomplish the project, task, study, or other work described in Exhibit A (Scope of Work) to this agreement.

Consultant states that it has the necessary technical expertise, skill, and capability to complete this work for the Yakama Nation.

The parties therefore agree as follows:

ARTICLE 1. STATEMENT OF SERVICES

1.01 **Work & Standard of Performance.** Consultant shall perform the work described in Exhibit A (Scope of Work) to this agreement (the “**Work**”). Consultant shall, at its sole expense, provide all labor, services, and equipment necessary to complete the Work timely and to the Yakama Nation’s satisfaction, except as expressly provided otherwise in this agreement. Consultant’s performance shall comply with applicable tribal, federal, state, and local law and policy, and be consistent with generally accepted professional best practices, both of which Consultant states it has knowledge of.

1.02 **Term.** This agreement will be effective on the date when both parties have signed it, and will terminate as set forth below, unless terminated earlier in accordance with Article 9 of this agreement (if neither option is selected, Option B shall be the default):

Option A: On _____

Option B: Upon Consultant’s satisfactory performance of the Work.

1.03 **Prior Performance.** If the Consultant has performed any Work prior to the effective date of this agreement, then this agreement will govern such prior performance. Except that the Consultant’s invoicing obligations, and the Yakama Nation’s associated payment obligations, as set forth in Exhibit C (Payment Terms), will not arise until after the effective date of this agreement.

1.04 **Key Personnel.** If any of Consultant’s employees or agents are specifically identified in Exhibit A (Scope of Work) as the employee(s) or agent(s) expected to perform the Work, they will be considered Consultant’s “**Key Personnel**” for purposes of this agreement. Consultant shall ensure that

Key Personnel continue to be assigned to the Work until its completion, unless Consultant obtains the Yakama Nation Project Manager's written consent to a staff substitution.

ARTICLE 2. COMPENSATION

2.01 **Maximum Compensation.** The maximum total compensation approved by the Yakama Nation and payable to Consultant for Work under this agreement is \$_____. The Yakama Nation shall not pay Consultant more than this maximum amount for the Work. Consultant acknowledges that this maximum amount (a) is sufficient to perform the Work consistent with the terms and conditions of this agreement and (b) includes all eligible expenses associated with Consultant's performance of the Work.

2.02 **Payment.** The Yakama Nation shall pay Consultant according to the invoicing and payment terms described in Exhibit B (Budget) and Exhibit C (Payment Terms) to this agreement.

2.03 **Expenses.** The Yakama Nation shall only compensate Consultant for eligible expenses directly associated with the performance of the Work. Consultant acknowledges that "eligible expenses" means reasonable, allocable, and allowable expenses that are incurred by Consultant in performance of the Work with the prior written approval of the Yakama Nation, for which the Consultant provides a reasonably detailed receipt or other proper proof. The Yakama Nation shall pay eligible expenses, including any authorized travel expenses, consistent with applicable tribal and/or federal law and policy.

2.04 **Federal, State, or Privately Granted Funds.**

(a) *Compliance.* Consultant acknowledges that federal, state, or grant funds utilized to compensate Consultant may be subject to certain laws, regulations, requirements and restrictions, which may include, but are not limited to, 2 C.F.R. Part 200. Consultant shall utilize funds in accordance with applicable funding requirements and restrictions, and shall reimburse the Yakama Nation for any expenses that are paid by the Yakama Nation but subsequently disallowed by the federal or state agency or other grantor.

(b) *Availability of Funds.* Consultant acknowledges that where the Work is funded by federal, state, or other external sources, Yakama Nation's payment obligations to Consultant for Work under this Agreement are entirely dependent and conditioned upon Yakama Nation receiving the funds from such agency or agencies.

ARTICLE 3. PROJECT MANAGEMENT

3.01 **Project Managers.** Each party will designate an internal project manager to facilitate the completion of the Work. Being designated as a party's project manager does *not* endow the representative with any legal authority to bind that party. Either party may change their project manager by giving notice to the other party.

(a) The Yakama Nation's Project Manager is [Name]. S/he may be reached at [Phone], or [email].

(b) The Consultant's Project Manager is [Name]. S/he may be at [Phone], or [email].

ARTICLE 4. LEGAL NOTICE

4.01 **Valid Notice.** For a notice under this agreement to be valid, it must be in writing, properly addressed to the party's current legal contact, and delivered (a) by a national transportation company with all fees prepaid and receipt signature required, or (b) by USPS certified mail, return receipt requested, postage prepaid. Notice will be effective upon the date of receipt. Either party may change its designated address or recipient for legal notice by giving the other party reasonable notice of such change.

4.02 **Notice to the Yakama Nation.** Notice to the Yakama Nation must be sent to the Tribal Council Chairman at P.O. Box 151 / 401 Fort Road, Toppenish, WA 98948, with courtesy copies to the Yakama Nation's Project Manager electronically at their email address listed above in section 3.01(a), and to the Yakama Nation Office of Legal Counsel at P.O. Box 150 / 401 Fort Road, Toppenish, WA 98948.

4.03 **Notice to Consultant.** Notice to Consultant must be sent to _____ at _____.

ARTICLE 5. RECORDS, ACCOUNTING & AUDITS

5.01 **Recordkeeping.** Consultant shall maintain auditable records during the term of this Agreement and for a period of at least three (3) years following the termination of this Agreement. Consultant shall comply with the Audit Act of 1984, P.L. 98-502 (31 U.S.C. § 7501 et. seq.), as amended, and the Office of Management and Budget's Uniform Guidance requirements set forth at, 2 C.F.R. Part 200, Subpart F, as amended, in maintaining its records.

5.02 **Accounting.** Consultant shall adhere to a systematic accounting method in performing the Work to ensure timely and appropriate resolution of audit findings and recommendations, and compliance with the Office of Management and Budget's Uniform Guidance requirements set forth at, 2 C.F.R. Part 200, Subpart F, as amended.

5.03 **Audits.** Except as prohibited by law, the Yakama Nation, the United States (if applicable), and any grantor agency (if applicable), and/or their duly authorized representative(s), may audit, examine, request, or make copies of Consultant's records that concern or are relevant to the subject matter of this agreement or to Consultant's performance of its obligations under this agreement. Consultant shall provide such authorized auditors with timely access to its records.

5.04 **Access to Yakama Nation Records, Personnel & Facilities.** Except as prohibited by law, the Yakama Nation shall provide Consultant with reasonable access to its personnel, facilities, and records necessary for Consultant's performance of this agreement.

5.05 **Confidential Information.** If the Yakama Nation provides Consultant with documents or information typically maintained as confidential by the Yakama Nation ("**Confidential Information**"), Consultant shall make all reasonable efforts, and take all reasonable precautions, to prevent the disclosure of that Confidential Information to non-parties, except as may be required by law or court order. Consultant shall not use Confidential Information for any purpose except the performance of this agreement.

5.06 **Continuing Obligation.** Consultant's obligations under Article 5 of this agreement are intended to survive the termination of this agreement.

ARTICLE 6. WORK PRODUCT

6.01 **Definition.** "**Work Product**" includes, but is not limited to, all papers, reports, information, drawings, internal memoranda, files, proposals, papers, copyrights, patents, photographs, data, and all written or graphic material, or any other material or property, whether stored electronically or in hard copy, in any format including native formats, and however produced, prepared, collected, generated, or created by the Consultant in connection with this agreement.

6.02 **Ownership.** Consultant acknowledges that all Work Product it produces pursuant to this agreement will be works for hire, which the Yakama Nation will own, and which Consultant will not retain any interest in or rights to. Consultant shall give all its Work Product to the Yakama Nation promptly upon the termination of this agreement or upon request in a format acceptable to the Yakama Nation.

ARTICLE 7. RISK MANAGEMENT

7.01 **Insurance Requirement.** Consultant shall be required to purchase and maintain insurance during the term of this agreement, as set forth in Section 7.02 below: YES NO. (If neither box is checked, insurance is required.)

7.02 **Insurance Coverage.** If insurance is required under Section 7.01, Consultant shall, at its own expense, maintain the following minimum insurance coverage during the term of this agreement and for a period of three years following the completion of the Work:

(a) Either Commercial General Liability Insurance OR Professional Liability Insurance, including errors and omissions insurance, in the amount of at least one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate.

(b) If the performance of the Work requires Consultant to use one or more automobiles, Commercial Automobile Insurance coverage for all vehicles used in performance of the Work in an amount equal to the greater of either (i) one million dollars (\$1,000,000), or (ii) any other amount specified by applicable law.

(c) Any other insurance coverage required by applicable law, which may include (but may not be limited to) workers compensation insurance or disability benefits insurance.

7.03 Additional Insured. Consultant shall name the Yakama Nation as an additional insured on its applicable insurance policies, provide the Yakama Nation with certificates of insurance, and at the Yakama Nation's request, provide Yakama Nation with copies of the relevant policies. The additional insured coverage provided by Consultant to Yakama Nation shall be on a primary and noncontributory basis.

7.04 No Subrogation. Consultant hereby waives for insurance purposes all subrogation rights it may have against the Yakama Nation and any of the Yakama Nation's officers, agents, employees, governmental entities, contractors, or subcontractors.

7.05 Indemnification. Consultant shall indemnify, hold harmless, and (at the Yakama Nation's discretion, and with counsel acceptable to the Yakama Nation) defend the Yakama Nation and its officers, agents, employees, and assigns (each and all considered the "Yakama Nation" for purposes of this Section) against any claim, demand, judgment, loss, cost, damage, expense or other liability whatsoever, including legal fees and expenses, which are incurred by or claimed against the Yakama Nation and arise, either directly or indirectly, from any action, omission, error or breach of contract by Consultant or its officers, agents, employees, or subcontractors. The requirements of this Section 7.05 are intended to survive the termination of this agreement.

7.06 Injunctive Relief. Consultant acknowledges that its breach or threatened breach of Article 5 (Records, Accounting, Audits) or Article 6 (Work Product) of this agreement would cause irreparable injury to the Yakama Nation, which could not be completely compensated by money damages, and that injunctive relief to enforce Articles 5 or 6 of this agreement would be proper.

ARTICLE 8. DISPUTE RESOLUTION

8.01 Negotiation. If the parties disagree about the performance, interpretation, or enforcement of this agreement, they shall first attempt to resolve their disagreement informally through (a) dialogue between their project managers, and then (b) face-to-face negotiations between their leaders, which must be held in Toppenish, WA. If the parties cannot resolve their disagreement after taking these steps, it will be deemed a 'dispute'.

8.02 Mediation. The parties shall endeavor to resolve any disputes through non-binding mediation before resorting to any other dispute resolution procedure. Such mediation must be held at

a mutually agreeable location in Yakima, Washington. Any demand for mediation must be made in writing and delivered to the other party in accordance with the provisions of Article 4 (Notice) of this agreement. The parties shall share equally the costs of hiring a mediator and securing a suitable location for the mediation proceedings. The requirements of this Section 8.02 are intended to survive the termination of this agreement.

ARTICLE 9. TERMINATION

9.01 **For Convenience.** Either party may terminate this agreement by giving to the other party at least 90 days prior written notice. The notice must specify the effective date of termination.

9.02 **For Breach.** Either party may immediately terminate this agreement by written notice following a material breach by the other party. The parties acknowledge that the terms of Article 5 (Records, Accounting & Audits), Article 7 (Risk Management), and Section 1.04 (Key Personnel) are material terms. Consultant acknowledges that time is of the essence for performance of the Work.

9.03 **By Tribal Council Executive Committee.** The Yakama Nation Tribal Council Executive Committee may immediately terminate this agreement upon written notice to Consultant.

9.04 **Effect.** Termination of this agreement will not relieve either party of any liabilities or obligations that arise under this agreement before the agreement is terminated. Termination will not limit the Yakama Nation's rights or remedies at law or equity, including, but not limited to, the right to contract with other qualified persons to complete the Work.

ARTICLE 10. GENERAL TERMS

10.01 **Independent Contractor.** Consultant acknowledges that it is an independent contractor and not an agent or employee of the Yakama Nation for purposes of this agreement. The parties state that they are not engaged in a joint venture or partnership. Neither party may speak for or bind the other.

10.02 **Conflicts.** During the term of this agreement, Consultant shall not accept work from any non-party, which would create a real or apparent conflict of interest with Consultant's performance of the Work for the Yakama Nation.

10.03 **Subcontractors.** Consultant shall not hire a subcontractor to perform any portion of the Work for this Agreement, except as expressly authorized in writing by the Yakama Nation. Where the Yakama Nation has authorized Consultant's hiring of a subcontractor, Consultant shall require the subcontractor to comply with all relevant terms and conditions of this agreement in performing their portion of the Work. Any unauthorized attempt by Consultant to subcontract the Work will be null and void, and Consultant shall be responsible for all expenses, fees, and costs associated with the unauthorized subcontract(s).

10.04 Fair Employment Practices. Consultant shall not discriminate against any employee or applicant for employment because of handicap, race, age, religion, sex, gender, or sexual orientation. Consultant shall take affirmative steps to ensure that applicants and employees are treated fairly during hiring and employment. This provision is not intended to prevent Consultant from implementing a lawful Indian preference employment policy.

10.05 Indian Preference Employment. When Consultant performs Work within the boundaries of the Yakama Reservation, or on Yakama trust property outside the boundaries of the Yakama Reservation, Consultant acknowledges that it is subject to and shall comply with applicable Indian preference employment laws of the Yakama Nation, including its Tribal Employment Rights Ordinance (Yakama Revised Law & Order Code, Title 71, as amended) (“**TERO**”). Consultant further acknowledges that under Section 703(i) of the 1964 Civil Rights Act, it may implement an Indian Preference hiring policy for all work performed near (within reasonable commuting distance from) the Yakama Reservation. Consultant hereby adopts the TERO and its associated policies as its Indian preference hiring policy for Work it performs near the Yakama Reservation, and shall publicize the same.

10.06 Permits and Approvals; Taxes and Fees. The Consultant shall, at its expense, obtain any and all permits, approvals, or authorizations from local, state, federal or tribal authorities necessary or required for the completion of the Work. Unless the parties have expressly agreed otherwise in this agreement, Consultant shall pay any taxes or fees applicable to or associated with its completion of the Work.

10.07 Force Majeure. The parties’ obligations under this agreement are subject to force majeure. If acts of God, severe weather conditions, fire, or unforeseen catastrophic events caused by nonparties which are beyond the control of the parties, prevent the parties from performance, such non-performance must not be considered a breach of this agreement.

10.08 Entire Agreement. This agreement constitutes the entire understanding between the parties with respect to the subject of this agreement, and supersedes all prior or contemporaneous agreements, whether written or oral, between the parties. The parties acknowledge that they each participated in negotiating this agreement, and that they have read, understood, and approved its terms. Headings are provided in this agreement for convenience, and are not intended to affect the meaning of the provisions to which they are affixed.

10.09 Exhibits Incorporated by Reference. This agreement includes any terms or documents incorporated by reference, as well as those exhibits listed below. If the terms of an exhibit or incorporated document conflict with the terms of the body of this agreement, the terms in the body of this agreement must prevail.

- (i) Exhibit A – Scope of Work
- (ii) Exhibit B – Budget

(iii) Exhibit C – Payment Terms

10.10 **Change Orders.** Change orders must be in writing and authorized by an appropriate representative of the Yakama Nation as follows:

(a) *Material Changes.* Any material changes to this agreement or the Work to be performed must be authorized in writing and signed by the Yakama Nation Tribal Council Chair as modifications or addendums to this agreement. Material changes are (i) any changes which require an increase in the maximum ‘not to exceed’ contract amount set forth in Section 2.01 of this agreement, or (ii) any changes to *what* Work is to be performed.

(b) *Immaterial Changes.* The Yakama Nation’s Project Manager may authorize immaterial changes in writing. Immaterial changes are those that concern *how* the Work will be accomplished, but do *not* change the scope of what Work will be performed, or the overall contract payment amount.

10.11 **Amendments; Waiver.** The parties may amend this agreement by a written instrument signed by the authorized representatives of both parties. No waiver of a right or obligation under this agreement will be effective unless it is in writing and signed by an authorized representative of the party granting the waiver. A waiver granted on one occasion will not operate as a waiver on other occasions.

10.12 **Execution.** If the parties sign this agreement in several counterparts, each will be deemed an original, but all counterparts together will constitute one instrument. The parties may sign and deliver this agreement (and any ancillary documents) to each other electronically, and the receiving party may rely on the electronic document as if it was a hard-copy original.

10.13 **Choice of Law and Venue.** Yakama law governs the validity and interpretation of this agreement, and any adversarial proceedings brought by one party against the other party arising out of this agreement. Any court action filed to enforce or interpret this agreement must be in the Yakama Tribal Courts. Consultant acknowledges that this agreement will be considered to have been executed at the Yakama Nation governmental headquarters in Toppenish, WA, and that this agreement establishes a consensual business relationship between the parties for purposes of Yakama Tribal Court jurisdiction. Consultant shall not raise any personal jurisdiction objections to Tribal Court jurisdiction.

10.14 **Severability.** If any term of this agreement is found to be illegal, otherwise invalid, or incapable of being enforced, such term shall be excluded to the extent of such invalidity or unenforceability. All other terms shall remain in full force and effect; and, to the extent permitted and possible, the invalid or unenforceable term shall be deemed replaced by a term that is valid and enforceable that comes closest to expressing the parties’ original intention.

10.15 **Sovereign Immunity.** In entering into this agreement, the Yakama Nation is not waiving its sovereign immunity from suit, and is not waiving, altering, or otherwise diminishing its rights, privileges, remedies, or services guaranteed by the U.S. Treaty with the Yakamas of June 9, 1855.

10.16 **Special Terms & Conditions.** In addition to the forgoing terms and conditions, the following requirements will apply to this Agreement:

(a) Consultant's Work under this agreement is being funded under Intergovernmental Master Agreement 56662 ("IG-MA 56662"), as amended, between the Bonneville Power Administration (hereafter "BPA") and the Yakama Nation, and its applicable funding release ("Release"). Consultant acknowledges that Yakama Nation's obligation to compensate Consultant for Work performed under this agreement is entirely dependent and conditioned upon such funds being made available to the Yakama Nation by BPA for this Work. Failure of BPA to provide such funding within the contract term shall void this Agreement and Consultant shall have no cause of action against the Yakama Nation.

(b) Consultant shall comply with any and all requirements applicable to subcontractors set forth in the IG-MA 56662 and any associated BPA funding Release(s). The IG-MA 56662 can be accessed using a web browser at the following address: <http://yakamafish-nsn.gov/restore/projects/bpa-master-agreement-terms-and-conditions>. When prompted, enter "YN Fish1855" as the webpage password to access the IG-MA 56662 and its modifying amendments. Consultant hereby states and certifies that it has read the Master Agreement and agrees to be bound by the applicable terms. Consultant further states that it has the capacity to comply with the Master Agreement's applicable terms. If Consultant is authorized under this Agreement to hire any subcontractors, Consultant shall ensure that their subcontracts include a requirement for compliance with these terms.

EXHIBIT A – SCOPE OF WORK

Overview and Background:

Yakama Nation Fisheries (YNF) has partnered with the Washington State Department of Transportation (WSDOT) to address on-going aquatic habitat and roadway infrastructure degradation along State Route 207 from mileposts 0.00 and 1.00 paralleling Nason Creek between river miles 3.2 and 4.6, in Chelan County, Washington. In this area State Route 207 aggressively constricts the historic floodway of Nason Creek, and seasonal flooding routinely damages the highway and causes impairment to salmon habitat. To address these issues, YNF and WSDOT have developed a highway realignment plan for the most impacted segment of SR 207, and the parties have been securing federal and state funding to progress the engineering, permitting, and construction services work needed to improve salmon habitat and roadway conditions in this section of Nason Creek. In the spring of 2024, YNF delivered 30% draft engineering designs to WSDOT for review that will form the basis of design for additional engineering services required to move the project towards completion. Per WSDOT's roadway development standards, a Design Documentation Package (DDP) has been established and delivered to WSDOT for review. As part of the DDP, a draft Basis of Design Document (BOD) has received preliminary approval from WSDOT North Central Region (NCR) and is currently under review at WSDOT Headquarters in Olympia.

At this time, YNF is seeking to advance the SR 207 realignment design to 60%, 90%, and final Ad-Ready PS&E documents including plans, specifications, and engineer's opinion of cost. This will include creation of two separate PS&E sets (initial construction phase and final construction phase), as well as all WSDOT Design Documentation required for approval. YNF is looking to have the work associated with this RFP completed by the schedule noted in the Scope of Work so that key project funding and environmental permitting timelines will be met. If the project is able to proceed to construction, the selected contractor may be retained to provide additional construction management services based on the expertise and unique knowledge of the project as allowed by 2 C.F.R. § 200.320.

Project Location

Scope of Work

At the direction of Yakama Nation Fisheries staff the Consultant shall perform the following work tasks:

Phase 1: Draft Construction Plan

Task 1 - Design level survey (if additional survey is needed)

The project has a completed draft geotechnical report by HWA Geosciences Inc. Additional geotechnical survey and reporting is needed to meet the requirements of the WSDOT geotechnical manual. Site access and permitting has been secured and a map of additional bore testing is provided. The selected contractor shall provide all services needed to meet WSDOT geotechnical requirements, including final evaluation of side slopes and soil preloading.

As agreed to between the Yakama Nation project manager and the contractor, supplementary site survey may be completed to gather additional field data on existing conditions so that final engineering designs can be produced. Supplementary surveys may include further topographic/bathymetric surveys, groundwater testing, and/or geologic surveys, among other things.

Task 2 – Development of Permit Level Construction Plan

The contractor will proceed with producing 60% engineered designs of the preferred roadway alignment as directed by YNF staff. The contractor shall coordinate with WSDOT North Central Region (NCR) regarding design documentation and roadway design reviews. The status of items already prepared for the Design Documentation Package (DDP) is as follows:

- The Basis of Design Document (BOD) has been preliminarily approved in Region and is presently at WSDOT Headquarters for review
- Draft Design Approval documents have been prepared and reviewed in Region once. Additional rounds of review with WSDOT NCR are anticipated

Design deliverables under this task shall include, but are not limited to the following:

- Full completion and approval of the 30% designs based on WSDOT Headquarters comments
- A Design Decision regarding superelevation, to be included in the DDP
- Channelization plans based on the 30% design, to be included in the DDP
- Stormwater treatment: the contractor shall utilize the preliminary stormwater concept to prepare a WSDOT Hydraulics Report Type A for the project.
- Right of Way: the contractor shall utilize the 30% alignment plans to create WSDOT ROW Plans to be approved within North Central Region and by WSDOT Headquarters. WSDOT North Central Region staff will provide right of way negotiation and closing services separate from this contract.

Deliverables shall provide suitable detail to allow for environmental permits to be acquired for the project by Yakama Nation Fisheries staff (this includes accurate depiction of areas being impacted and estimates of material quantities). The contractor should be prepared to support Yakama Nation by providing displays, technical drawings, and other information as requested.

The 60% PS&E plan set shall be suitable for the initial construction phase of the project, including clearing and grubbing, logging, temporary stormwater conveyance and/or treatment, and roadway preloading.

Task 3 - Stakeholder Meetings and Communications

The contractor should plan to meet with YNF and WSDOT at least monthly to discuss design progress. YNF and WSDOT will review each stage of design to confirm it meets with applicable Design Manual standards. The contractor shall provide bid support for the initial construction phase of the project. If requested, the contractor will assist in presenting the 60% Drawing Set to landowners and agency stakeholders for additional feedback and buy-in.

Phase 2: Final Construction Plan

Task 4 - Development of Final Construction Plan

Based on further direction from YNF staff, the contractor will produce 90% and final Ad-Ready PS&E documents for the project.

The final Ad-Ready PS&E plan set shall be suitable for the final construction phase, including roadway construction, permanent stormwater conveyance and treatment, roadway restoration, and removal of existing SR 207 roadway.

Task 5 - Final Basis of Design Document

Contractor will finalize the Basis of Design Document through coordinated outreach with WSDOT and YNF. The

BOD Document will summarize project goals, field data collection, and technical design of the project including site survey, hydrology, grading, and quantities/totals.

Task 6 - Stakeholder Meetings and Communications

The contractor should plan to meet with YNF and WSDOT at least monthly to discuss design progress. YNF and WSDOT will review each stage of design to confirm it meets with applicable Design Manual standards. The contractor shall provide bid support for the final construction phase of the project. If requested, the contractor will assist in presenting the Final Construction Drawing Set to landowners and agency stakeholders. Contractor should anticipate up to 4 public meetings.

Schedule

The following schedule shall be adhered to so that key project funding and environmental permitting timelines can be met:

<i>Phase 1</i>		
Task	Specific Element	Completion Date
Task 1	Geotechnical survey and report	October 31, 2024
Task 2	60% PS&E plan set suitable for initial construction phase	January 1, 2025
Task 3	Stakeholder meetings	Ongoing
<i>Phase 2</i>		
Task	Specific Element	Completion Date
Task 4	90% plan set	May 1, 2025
	Final PS&E plan set suitable for final construction phase	August 1, 2025
Task 5	Design report	August 1, 2025
Task 6	Stakeholder meetings	Ongoing

Consistent Satisfactory Progress

Consistent satisfactory progress in this project will be required. Satisfactory progress will be measured by both the quality and quantity of work. If for any reason no work is performed, the Consultant may be given a notice of contract cancellation. Consistent satisfactory progress will also be determined by the Consultant's demonstrated ability to perform all work tasks described in the Scope of Work. If it appears that the Consultant is unable to complete the project tasks the Consultant may be given a notice of contract cancellation. The Yakama Nation's designated representative will monitor progress closely.

Key Personnel

Relevant Guiding Documents

EXHIBIT B – BUDGET

1. Project Budget:

2. Applicable Rate Schedule. Consultant shall invoice, and the Yakama Nation shall pay, according to the following rate schedule:

EXHIBIT C – PAYMENT TERMS

1. Schedule. The Consultant shall invoice for work performed in accordance with the following schedule [if no schedule is selected, invoicing shall occur per Option A – Monthly Time & Materials]:

A. Monthly Time & Materials: The Consultant shall invoice monthly on a time and materials basis for actual Work completed during the invoice period. Unless the parties agree in writing to different terms, invoice periods shall begin on the first day of each month and end on the last day of each month.

B. Progress: The Consultant shall invoice following the completion of each major Work task identified in Exhibit A (Scope of Work). A Work task will not be considered complete until it has been reviewed and accepted by Yakama Nation’s Project Manager.

C. Alternative Schedule: The Consultant shall invoice as follows: _____.

2. Invoicing Requirements. Invoices must include appropriate supporting documentation, which may include, but is not limited to, detailed expense receipts, and a brief summary of activities associated with the Work performed by Consultant. Consultant shall submit invoices to the Yakama Nation’s designated Project Manager within 15 days after the end of the invoice period in which the Work was performed and/or expenses were incurred. Consultant hereby waives the right to receive full payment on invoices submitted more than 60 days following the end of the invoice period. (The ‘end’ of the invoice period for progress payments will be considered the last day of the calendar month in which the Work task was completed.) Sample invoice, expense, and travel forms are attached and available upon request for Consultant’s review and convenience.

If a question or concern arises regarding an invoice, Yakama Nation shall promptly notify Consultant of the question or concern. Within 15 business days following such notification, Consultant shall sufficiently explain or correct the issue, or Consultant will be deemed to have waived their right to demand payment for the associated Work or expense.

3. Payment. Subject to the terms of this Agreement, the Yakama Nation shall pay all approved invoices within 60 days following the date of invoice.
