

# **BRUSH CREEK FISH PASSAGE AT 175 ROAD PROJECT**

**Addendum 1 – February 3, 2025**

The manufactured bridge must meet HS 20-44 load rating (loaded log truck).

The selected firm will need to submit stamped engineering drawings, calculations and installation instructions for the bridge for review by Yakama Nation Fisheries staff and consultants.

In addition to a quote for bridge design, manufacturing and delivery, interested parties shall submit a proposal including experience producing bridges.

All firms that submit a bid by 2/11/25 at 12:00 PM PST will receive email confirmation of receipt. Once closed a recap of the bids received will be dispersed.
